3M™ Net Abrasives

3M™ Net Abrasives

Benefits

Performance:

Faster cutting and longer lasting than leading net abrasives in the market.

Efficient:

Helps shops productivity and efficiency by helping to reduce rework and cleanup time.

Dust Extraction:

Designed to help reduce dust in the air from sanding for a cleaner workspace.

Versatile:

Compatible with pneumatic and/or electric sanders with or without dust extraction capabilities.

Construction:

Open net structure is designed to provide a virtually dust-free environment for a cleaner, healthier shop.

3M™ Net Abrasives

Features

Net construction for 95% + highly efficient dust extraction performance

Precision Shaped Grain and engineered Ceramic mineral blend technology for faster cut and longer life

Able to use multi-hole back-up pads and blocks for easy disc hole alignment and dust extraction

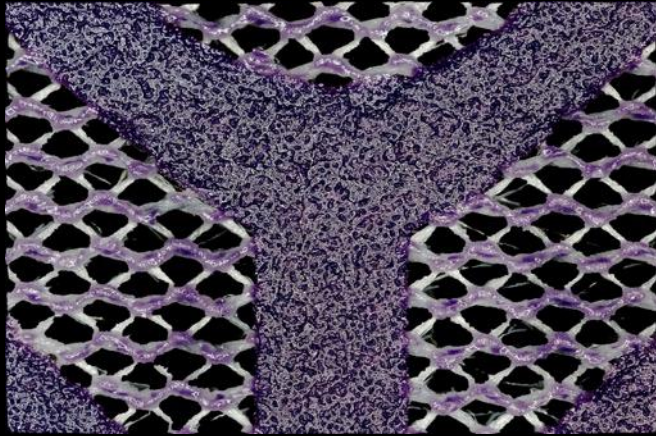

3M™ Cubitron™ II Net Abrasives are compatible with your existing dust extraction equipment

Center hole for easy disc alignment and storage

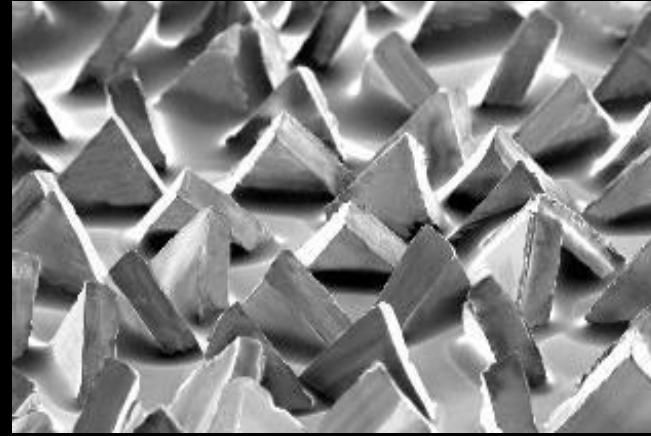

3M™ Net Abrasives

Construction

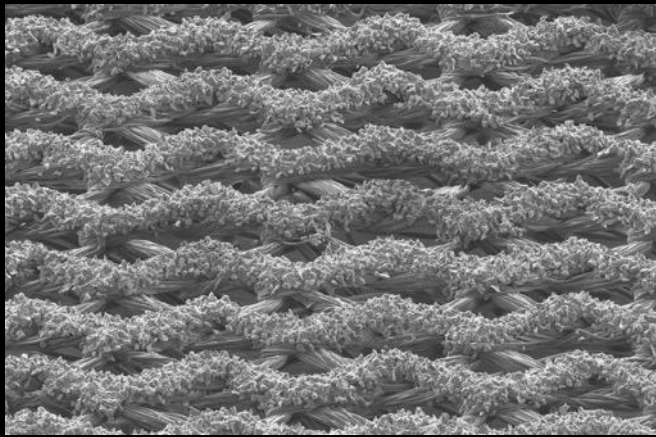

Cubitron™ II Net Abrasive

The open net structure in the new 3M™ Cubitron™ II Net Abrasives provides a virtually dust-free environment.

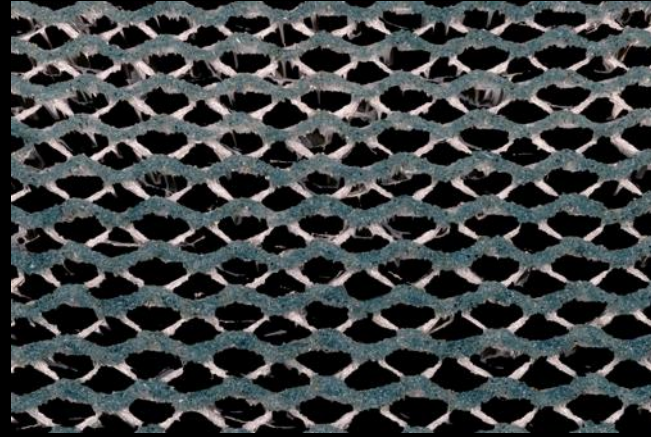

Precision-Shaped Grain

Cubitron™ II mineral paired with dust extraction equipment can help to save shops time and materials delivering better value and higher performance.

Blue Net Abrasives

3M™ Blue Net discs provide excellent dust removal for most applications and repairs when used on existing or new dust extraction systems.

Dust Extraction Capability

3M™ Blue Net discs provide excellent dust removal for most applications and repairs when used on existing or new dust extraction systems.

3M™ Cubitron™ II Net Abrasives

Get the job done sooner with 3M™ Cubitron™ II Net Abrasives, the fastest-cutting and longest-lasting net abrasive discs and sheets in the world. This family of net abrasives delivers 2X the cut rate and 2X the life of other leading net abrasive families. All the while, letting dust extractors perform their best by leaving virtually no dust on the work surface and in the environment.
